Heaven, I'm in heaven

And my ..... beats so that I can hardly speak

And I seem to ..... the happiness I seek

When we're out together ..... cheek to cheek

Yes, heaven, I'm in heaven

And the cares that hung around me through the week

Seem to vanish ..... a gambler's lucky streak

Oh I ..... to climb to mountain

And reach the highest peak

But it doesn't thrill me half as much

As ..... cheek to cheek

Oh I love to go out .....

In a ..... or a creek

But I don't ..... it half as much

Now mama dance with me

I ..... my arms about you

That charm about you

Will carry me through

Yes, heaven, I'm in heaven

Take it Ella singing it
