However, 400 years ago in China, some people used to eat with bone forks, but today chopsticks are more common.

There were cosmetics about 5000 years ago. In ancient Egypt, women, men and even children wore make-up because it was very important to look beautiful. Eye make-up was very popular and green and black were two of the Egyptian's favorite colors. Roman women also wore make-up. Some of the make-up in the past was poisonous.
