PROJECT

- Work in groups of four. Make a video about a day in the life of astronauts in two different space stations.
- Plan your video. Decide who plays the roles of two astronauts and the interviewer, and who films the video. Decide what clothes and prompts you need. Decide when and where you can shoot the video.
- Write the script for the interviewer and two astronauts. Use these questions to help you.
What's your name and what's your job?
What do you do during the day in space?
Which activities do you like and dislike?
What are you doing at the moment? How do you feel?
