Answer questions 15 – 21.

Alex and Marie wanted to buy a new house.

They decided to sell their house. Alex and Marie wanted to make their house look nice, clean and tidy.

They bought some paint for the hall and the kitchen and they got some new curtains for the living room. Marie **borrowed** a cleaning machine from her friend and cleaned the carpet and sofa.

They started the painting at the weekend. First, they painted the hall and then they did the kitchen. They finished on Sunday afternoon and the house looked fresh and clean.

There was one problem and that was the garden! They went to the garden centre and bought some new flowers. Alex cut the lawn and Marie put the new flowers in the backgarden.
