

## EXERCISE 2

*Read the leaflet about a language school for children. Then complete the exercise.*

Would you like your son or daughter to speak another language? At Languages for Kids we offer classes on Saturday mornings in French and Spanish, and in Chinese and Japanese on Saturday afternoons. The classes are taught by qualified teachers who are first language speakers. The lessons are fun and enjoyable for children. There are no grammar exercises, but there are a lot of chances for children to speak the language. They play games, sing songs and even try food from the country of the language they are learning.

We have classes for children between the ages of 4 and 11. The morning classes start at 10:00 a.m. and finish at 1:00 p.m., and the afternoon classes start at 1:00 p.m. and finish at 5:00 p.m. Every week the children will do some homework to help them to practise the language they are learning. It is not difficult and it will not take more than half an hour. At the end of the year, we will write a report for each child to let you know how much they have improved in their language. If you would like to find out more information, please go to our website.
