Indigenous People of Canada-mod

There are many groups of indigenous people in Canada. Let's look at 3 groups and the types of houses they live in!

Haudenosaunee lived in longhouses. These are long wooden houses for a few families. They did not move around too much.

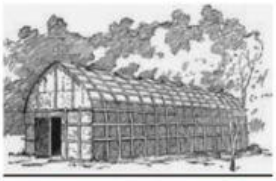

Inuit live in igloos and fur tents. These homes can be moved or built quickly.

Metis live in log cabins and fabric tents.

What houses do they live in?
