

## Exercise 8

*Read the information. Then watch the video of a native English speaker answering questions. Match the idiomatic expressions with the parts of the video in which they are used. There are more idiomatic expressions than you need.*

One way to help improve your Lexical Resource mark is to include some *idiomatic expressions* in your answers. Idiomatic expressions are phrases that are commonly used by native speakers. Their meaning is often different from the meanings of each word on its own. For example, the idiomatic expression *to feel a bit under the weather* means *to feel slightly ill* – it has nothing to do with the weather!

as fit as a fiddle	as old as you feel	have a frog in your throat	in good shape
kick the habit	on the mend	under the weather	you are what you eat
