

Take my, take them aside
Take my face, and desecrate
My and legs
They get in the way
And take my, they'll understand
Take my, pull it apart
And take my, or what remains
And throw it all away
'Cause I've grown tired of this body
A cumbersome andbody

Take my, take them and run
Take my, go have some fun
And take the, take them and disappear
Take my joints, take them for points
Take my, tear through my cheeks
And take the, go and dispose
Oh, would you go dispose, just go dispose
I've grown tired of this body
Fall apart me body
