FOOD

READ. COUNTABLE AND UNCOUNTABLE:

Countable nouns

- They can be counted individually.
- You can put a number before it.

Example: Two mangoes

Uncountable nouns

- They can't be counted individually.
- You can't put a number, or 'a/an' before it.

Example: ~~Two~~ flour

We can add :

- Some = affirmative
- Any = negative

• ***There are + countable noun (plural)***

✓ There are three eggs.

✗ There aren't two doughnuts.

? Are there any/four lemons?

Yes, there are.
