

Exercise 2

Read the information. Then complete the table with the correct word forms (verbs, nouns or adjectives).

To really 'know' a word, you must understand how it is used in different contexts, know when it is being used as a verb, noun or adjective, and be able to recognise how it sounds. This is particularly important in the IELTS Listening test, as you may lose marks for using the wrong form of a word.

verb	noun	adjective
_____	innovation	_____
construct	_____	_____
_____	estimation / estimate	_____
_____	_____	modified
occupy	_____/	_____/
	occupancy	occupancy
renovate	_____	_____
