

Exercise 2

Read the information. Then complete the table with the correct word forms (verbs, nouns or adjectives).

To really 'know' a word, you must understand how it is used in different contexts, know when it is being used as a verb, noun or adjective, and be able to recognise how it sounds. This is particularly important in the IELTS Listening test, as you may lose marks for using the wrong form of a word.

verb	noun	adjective
	innovation	
construct		
	estimation / estimate	
		modified
occupy	/	/
	occupancy	occupancy
renovate
