

#### Exercise 4

Read the information. Then read the words and phrases in the box. What are their functions? Complete the table with the words and phrases.

When sequencing a paragraph, you are writing to describe a series of ideas or a process in a logical way. For example:

**First and foremost**, a business is owned by investors looking for a return on their money.

likewise	specifically	after this	first and foremost	in
additionally	besides	lastly	firstly	next
			finally	thus

sequencing	other function
