I love cooking. I started when I was eight or nine. I made

<sup>1</sup> \_\_\_\_\_  chocolate biscuits with my mum. I really enjoyed it. After that, we made a <sup>2</sup> \_\_\_\_\_  of cakes together. My poor dad had to eat them all and he put on <sup>3</sup> \_\_\_\_\_  lot of weight!

Now I cook other kinds of food. I make the dinner a <sup>4</sup> \_\_\_\_\_  times a week. Tonight I'm going to do steak with <sup>5</sup> \_\_\_\_\_  bit of sauce and some chips. I actually don't cook <sup>6</sup> \_\_\_\_\_  meat. I prefer doing fish, but my dad bought the steak.
