- | | | | | | | |
|----|---|-------|---|-------|---|---------|
| 6. | A | I'm | B | He's | C | She's |
| 7. | A | He's | B | She's | C | We're |
| 8. | A | We're | B | I'm | C | They're |
| 9. | A | a | B | any | C | some |

Part 3

Question 10-14

Questions 10 to 14 are based on the following passage. Read the passage and then circle the answer A,B or C.

Recycling means turning rubbish into something new. Recycling helps the Earth because we don't make so much rubbish. Many items can be recycled, including aluminium cans, glass bottles, newspapers, magazines, and plastics.

Recycling does not have to be difficult! Here are some tips on how to recycle and make Earth a better place. First, don't buy the things you don't need. This way, you won't need to throw many things. Next, recycle as many cans, bottles, books, metal, aluminum, glass, newspapers and electronics you can. Make sure you clean the cans and bottles before recycling them! Then, ask a grown up to send them to the recycling centre. Finally, you can also reuse the things that you have-- turn the plastic bottle into a pencil holder. An old pair of jeans can make a cool bag, too.

Let's all do our part to make Earth a better place!

10. Recycling means...

- A buying new things
- B throwing rubbish
- C changing rubbish into something new

11. We can recycle all these except....

- A plastic bottles
- B books
- C food

12. What do you have to do before you recycle bottles or cans?

- A clean the bottles and cans
- B ask a grown up to send them
- C throw into a rubbish bin

13. We can turn an old pair of jeans into...

- A a pencil holder
- B a cool bag
- C new shoes

14. All these are ways to help the Earth except...

- A buying more things
- B reusing old things
- C recycling old things

Part 4

Question 15-20

Questions 15-20 are based on the following text. Read and answer the questions based on the text given.

<p>Gallimimus had small head, big eyes, a beak and a long neck. It looked like an ostrich. It was an omnivore. It ate both animals and plants.</p>	<p>Tyrannosaurus Rex was one of the biggest carnivores. It had two strong leg and short arms with sharp claws. It's head was as big as a small car. It had very strong teeth.</p>	<p>Diplodocus was longer than most other dinosaurs. It was as long as two buses and a car. It had a very long neck and ate plants and tree leaves. It was a herbivore.</p>
--	---	--

Answer questions 15 to 20 based on the information about dinosaurs. (A to C).

A. Gallimimus
