

Name: _____

Division

Remember the steps to long division are:

- ✓ Divide
- ✓ Multiply
- ✓ Subtract
- ✓ Bring Down

Find the quotient.

a.
$$\begin{array}{r} \square\square\square \\ 3 \overline{) 67} \\ - \square \\ \hline \square\square \\ - \square \\ \hline \square \end{array}$$

b.
$$\begin{array}{r} \square\square\square \\ 7 \overline{) 88} \\ - \square \\ \hline \square\square \\ - \square \\ \hline \square \end{array}$$

c.
$$\begin{array}{r} \square\square\square \\ 3 \overline{) 423} \\ - \square \\ \hline \square\square \\ - \square \\ \hline \square\square \\ - \square \\ \hline \square \end{array}$$

d.
$$\begin{array}{r} \square\square\square \\ 5 \overline{) 640} \\ - \square \\ \hline \square\square \\ - \square \\ \hline \square\square \\ - \square \\ \hline \square \end{array}$$
