VII. Read the passage and circle the correct answers

Saving energy means decreasing the amount of energy used while achieving a similar outcome of end use. Using less energy has lots of benefits – you can save money and help the environment. Generating energy requires precious natural resources, for instance coal, oil or gas. Therefore, using less energy helps us to preserve these resources and make them last longer in the future.

If people use less energy, there is less pressure to increase the available supply of energy, for example by constructing new power plants, or by importing energy from a different country.

There are many sources on the web that give you ideas of what you can do to save energy. Here are a few ideas to help you:

- * Change your travel behavior, think more in terms of public transportation, if possible, walk or ride your bicycle instead of taking the car.
- * Reduce your house heat, keep the windows closed while heating, dress warmly.
- * Choose products that come with lightweight packaging
- * Turn off lights and appliances when you are not using them, use energy-saving light bulbs
- * Reuse plastic bags for shopping and storage
- * Use a microwave instead of a stove to reheat food
- * Use rechargeable batteries instead of disposable batteries.

31. What is the best title of the passage?

- A. How to save energy B. Saving energy
 C. Why to save energy D. Benefits of saving energy

32. According to the passage, all of the following are mentioned as the benefits of saving energy EXCEPT _____

- A. saving money B. preserving natural resources
 C. helping the environment D. reducing house heat

33. If people save energy, _____

- A. more energy will be imported B. more money will be spent
 C. fewer power plants will be built D. fewer natural resources will be reserved

34. According to the passage, people can find ways of saving energy by ____.

- A. searching the Internet B. keeping the windows closed
 C. choosing lightweight packaging products D. using public transport

35. What can be inferred (suy ra) from the passage?

- A. There are many sources of energy
 B. Products with lightweight packaging are not expensive
 C. A microwave is better than a stove
 D. It is not very difficult to find ways to save energy
