

The sun'llout tomorrow

Bet your bottom dollar that tomorrow

There'll be

Just thinkin' about tomorrow

Clears the cobwebs and the sorrow

'Til there's none

When I'm stuck with a day that's grey and

I just stick up my chin and grin and, oh

The sun'll out tomorrow

So you gotta hang 'til tomorrow

..... what may

Tomorrow, tomorrow, I love ya, tomorrow

You're a day away
