2 much – Justin Bieber

Injustice anywhere is a threat to justice everywhere

Maybe I _____ too much, maybe not long _____
Funny how I _____ to blink
When you let down your _____, dancing like no one's there
I know I'm where I'm supposed to be

Say, "I love you" _____ my breath
More _____ than you can digest
Music _____ time I hear your name, oh
Your head's laying right on my _____
Sun's up, but I still ain't got no rest

Don't wanna close my eyes, I'm _____ I'll miss too much
Don't wanna fall _____, I'd rather fall in love
When I can't feel you, I feel out of touch
Two seconds without you is like two _____

Don't wanna close my eyes, I'm scared I'll _____ too much
Don't wanna fall asleep, I'd _____ fall in love
'Cause eternity with you ain't long enough
Two seconds without you is like two months
And that's _____

Love the way you love your mom
Take on all your friends' _____
Still somehow _____ the world for us, oh-oh
I still relive that second
I made my biggest _____
Prayed for you, look what God has turned

Say, "I love you" under my _____
More times than you can digest
Music every time I _____ your name, oh
Your head's _____ right on my chest
Sun's up, but I still ain't got no _____

Don't wanna close my eyes, I'm scared I'll miss too much
Don't wanna fall asleep, I'd rather fall in love
When I can't _____ you, I feel out of _____
Two seconds without you is like two months

Don't wanna close my eyes, I'm scared I'll miss too much
Don't wanna fall asleep, I'd rather fall in love
'Cause eternity with you ain't long enough
Two seconds without you is like two months
And that's too much
