

# English for children

Read the mathematical operation, fill in the blanks, then solve the operation and write the result of the mathematical operation

$$\boxed{\phantom{0}} \boxed{\phantom{0}} \boxed{\phantom{0}} = \boxed{\phantom{00}}$$

Twenty-three plus sixteen equals

.....

$$\boxed{\phantom{0}} \boxed{\phantom{0}} \boxed{\phantom{0}} = \boxed{\phantom{00}}$$

Forty-four minus fourteen equals

.....

$$\boxed{\phantom{0}} \boxed{\phantom{0}} \boxed{\phantom{0}} = \boxed{\phantom{00}}$$

Eighty-eight plus sixty-nine equals

.....

$$\boxed{\phantom{0}} \boxed{\phantom{0}} \boxed{\phantom{0}} = \boxed{\phantom{00}}$$

Twelve minus eight equals

.....

$$\boxed{\phantom{0}} \boxed{\phantom{0}} \boxed{\phantom{0}} = \boxed{\phantom{00}}$$

Seventy-seven plus thirty-two

.....

$$\square \square \square =$$

Eighty-two plus forty-nine equals

$$\square \square \square =$$

Nineteen minus eleven equals

$$\square \square \square =$$

Sixty-five plus fifty-two equals

$$\square \square \square =$$

Thirty-one minus thirteen equals

$$\square \square \square =$$

Seventeen plus ninety-nine equals
