In my car
Feel obliged falling over love
1.....
Something they ain't share
You said nothing I have to reveal
Feel truth that is hurtful and real
2.....

It's been going a while there
3.....
The more I've been hiding
The more I've been lying
4.....
I've been engaging into full of shit
Deceptive flute over been lying here
5.....
Maybe someday you will understand
I just want this whole nightmare to end
6.....
It's been going a while in the air
No more lies I swear
