LAST SATURDAY

Last Saturday was a very nice day. My family and I did a short trip. It was sunny and beautiful

We were on the beach for one hour.

My sister was surprised, because we were finally out of our house. We were bored of being home for so long.

My mum was a bit worried because of the virus.

My brother was excited. It was so hot he put his feet into the water and he ended up being all wet. My dad was angry!.

My grandpa wasn't was us, he was at home, because he was scared of going out.

The beach was clean and there were only a few people. It was great!

It was one of the best days of my life!
