DATA:

DESCOMPOSEM NOMBRES

A boy is operating a machine that takes the number 10 and decomposes it into two columns of numbers. The machine has a hopper for the number 10 and a conveyor belt that outputs two columns of numbers. The output is shown in a table:

10	
5	5
4	6
2	8
9	1

20	

30	

48	

50	

62	

73	

85	

97	

100
