

Precious and fragile things

..... special handling

My God what have we .....to you?

We ..... tried to share

The tenderest of care

Now .....what we have put you through

**Things .....damaged, things .....broken**

**I thought we'd ....., but words left unspoken**

..... **us so brittle**

**There was so ..... left to give**

Angels with ..... wings

Shouldn't know suffering

I wish I could ..... the pain for you

If ..... has a master plan

That ..... He understands

I ..... it's your eyes He's seeing through

I pray you learn to .....

Have faith in both of us

And keep ..... in your hearts for two
