

Jah Vinci - It's a Great Day Lyrics

I can hear the children playing outside
Someone whistling as they pass by
I can hear the birds as they singing good morning
I'm loving this feeling
Ooh, ooh, ooh

'Cause it's a great day to be alive
When I know that there's nothing greater than life
So I won't worry about my problems
Today, I'm wearing a smile
I'm just living my life

Brining light to my problems
Like no more of hiding in silence
Yesterday is gone, I won't complain
Living life feels amazing
It's not about what I could have done
BUt it's about what I'm gonna do
Ooh, ooh, ooh, oh
My life ain't perfect, but it's worth it
Looking forward for something new
'Cause I deserve it

It's a great day to be alive
When I know that there's nothing greater than life
So I won't worry about my problems
Today, I'm wearing a smile
I'm just living my life

WHenever you think that it's over and done
Try hiding from stress when there's nowhere to run
If ever you find a roof over your head
And you got a meal, you're more fortunate this time
So I won't think about it
Today, I'm gonna be about it
Love is amazing and I don't doubt it
So I shout it

'Cause it's a great day to be alive
When I know that there's nothing greater than life
So I won't worry about my problems
Today, I'm wearing a smile
I'm just living my life
