Adventure Tourism and YOU!

Is it vacation time? Are you tired of amusement parks and the beach? Travel with Sapphire Adventures and have fun!

Sapphire Adventures offers two kinds of tours: hard adventures and soft adventures. Which is best for you?

On hard adventures, you can do something extreme. You can go rock climbing, surfing, cave exploring, or scuba diving. How about jumping out of an airplane? You can even go skydiving!

If "extreme" isn't a word that describes you, how about soft adventures? On a soft adventure tour, you can take a bike tour, go camping, ride a horse, or be a volunteer in another country.

With Sapphire Adventures, you don't have to be a professional sportsperson to have fun. We can teach you to do a new sport, and at the same time, you can make new friends. Sapphire Adventures tours aren't for everyone. On our tours, you can't go shopping, for example. There are no malls! You can't go to clubs at night – there are usually no clubs! And you can't be lazy. On our tours, both soft and hard, you have to enjoy being busy. You can do something incredible every day! It isn't always easy, and it isn't always comfortable, but it's always fun!
