From: Kelly Hartfield

To: Nan Schmidt

Subject: Dinner

Sent: March 1, 2:33 p.m

Hi, Nan.

Thanks for giving Donald and me to your potluck dinner! We would love to come. Could you tell me what sort of dish we should bring? And, do any other guests have dietary restrictions that you know of?

Thanks,

Kelly

I'm glad you and Donald will be coming to the potluck.

Nan

Kelly

I can't wait to see you!

Good to hear from you!

But if you want to bring what other people won't, past experience suggests that a vegetable side dish would be a good idea.

Dear Charles,
It seems like just yesterday that we graduated, but our fifth reunion is coming up. Your class officers are very excited, and we hope you are too. At this point, we are asking you to vote on which band you would like to schedule. We are considering the White Tigers, Hello, Hello, and Rocket. Please also suggest any topic that you might want covered in the "course" the university offers for alumni.
Thanks!
Samantha

Dr. Taub.

I'm a student at State College. I'm writing my senior thesis on the use of fossil fuel in agriculture. I am trying to find a breakdown by percent of the total fossil fuel used that would include production, processing and transportation. I was told you might have those numbers, or if not, that you might be able to direct someone who would. Can you help me?
Thanks in advance.

I'm attaching it research interest breakdowns processing

Dear Ms. Miller,
