In early times when people became ill, they turned for help to the medicine man of the tribe. It was generally believed that sickness was caused by evil spirits, and it was the

medicine man's task to drive these bad spirits out of the sick man. To do this, he would try to frighten them away by making loud noises and wearing frightful masks. Usually he would chant magic words, sing special songs, and perform special dances. Nearly always he used a particular kind of plant which was supposed to be a remedy for a particular sickness.
