answer

Christopher asked his father [1] (1w) the papers [2] (1w), to which Chris [] a check, some bills and [3] (3ws).

Christopher thought that weird, since they [4] (5ws) anymore.

When they got to [] about the weekend, Chris [] Christopher that he [5] (3ws) have to take him to some offices, but after that they [6] (3ws) to a [7] (1w) game. Christopher was excited. [8] “.....” (1w) he asked. [9] “.....” (1w) replied Chris.

While walking to the first office, Christopher [] to his father that there [10] (6w). Then he asked him [11] (7ws) or not. Chris [] his son's enquire by [] that he [12] (2ws) that it was [13] (1w) that they [14] (2ws) to the game, not probable. He then proceded to [] the difference: [15] “..... (1w) means there's a [16] (2ws) that we're going. [17] (1w) means we might, [18] (3ws).”

In order to test his son's understanding, Chris asked him [19] (2ws) and [20] (2ws). Smartly, Christopher [] that he knew that possibly meant that [21] (5ws) the game. Pleasantly surprised, Chris wanted to know [22] (1w) Christopher [23] (4ws).

“Because you're smart” was his son's answer.
