6. How often does a whale breathe? _____

Penguin

A penguin is a bird and it lives in the Antarctic Ocean.

It's got very short legs and a fat body.

It lives on land, but it swims in the sea and catches fish.

Fun fact!

A penguin can walk and swim, but it can't fly.

Octopus

An octopus lives in the ocean, but it isn't a fish.

It's got a round body and eight long arms, but it hasn't got any legs.

It's a fast swimmer and it can hide in tiny places.

Fun fact!

An octopus hasn't got any teeth, but it can eat snails.

Seahorse

A seahorse is a fish, but it can't live in cold water.

It's got a beautiful head, a thin body and a tail, but it hasn't got any legs.

It's a very slow swimmer and it hardly ever moves.

Fun fact!

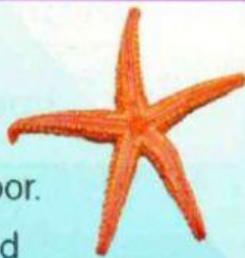

A seahorse can hold onto a plant with its tail.

Starfish

A starfish isn't a fish. It lives on the ocean floor.

It's got a hard body and hundreds of tube feet on its arms.

It can't swim so it walks on the ocean floor.

Fun fact!

A starfish can make itself a new arm!

Whale

A whale is a mammal and it lives in the ocean.

It's very long, heavy and loud. It's longer than three buses, heavier than forty elephants and much louder than a lion. It can swim very long distances.

Fun fact!

A whale only breathes air once every 90 minutes.

Unit 6 Lesson 1 Vocabulary & Reading

4. Listen the reading and read along. You should listen to the audio every day.

5. Write nine animal words

shark

6. Listen and complete.

A much B many C a lot of

5 How milk is there in the carton?

A much B many C a lot of

6 Are there trees in the park?

A much B many C a lot of

7 We've got flowers in our garden.

A much B many C a lot of

8 There isn't cola in the bottle.

A much B many C a lot of

8. Read the reading "Shark Attack!" and do the follow-up activities.

“Sprint!” people in the boat yelled at Lynne. “Swim as fast as you can!” Lynne is a long-distance swimmer. She was swimming around the Cape of Good Hope. The Cape is at the tip of South Africa where the Atlantic and Indian Ocean crash together.

The water at the Cape is filled with sharks. A boat was close to Lynne. The people in the boat were looking for sharks. Lynne did not know it, but a

shark was spotted. It was twelve feet long. It had its mouth open to attack, and it was going straight for Lynne.

A man shot it in the fin with a spear gun. The shark bit the spear and pulled it out. The shark swam away, but the blood from its wound attracted more sharks. When did Lynne find this out? After she had swum around the Cape and sprinted to shore!

Find the Answers

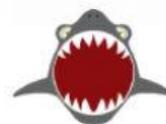

- When you are moving very fast and at full speed, you are
 - jogging.
 - marching.
 - walking.
 - sprinting.
- What two oceans crash together at the Cape of Good Hope?
 - Indian and Pacific
 - Atlantic and Arctic
 - Indian and Atlantic
 - Atlantic and Pacific
- How do you think Lynne felt after she found out about the sharks?
 - lucky
 - angry
 - sleepy
 - unhappy

Choose the correct pictures

1. spear gun

2. fin

3. shore
