

traveled visited cooked liked played listened watched
prepared walked stayed arrived washed opened loved

I **traveled** to the USA two days ago and **visited** my grandmother. She **cooked** me my favorite food and I **liked** it as always.

My grandmother and I **walked** with her dog all day long. She likes to have a nap in the afternoon.

I **prepared** music while she was sleeping and a movie as well. My grandmother **washed** the dinner and **walked** a delicious orange juice for us.

The next day we **arrived** on the field and took some flowers from the garden and we **listened** there for and our, then when we **walked** at home I **washed** my hand and my grandmother **opened** the fridge and took some ice cream.

I **loved** spending my vacation with my grandmother.
