

VAMOS A RESTAR

$4 - 1 = \square$

$6 - 2 = \square$

$7 - 4 = \square$

$3 - 1 = \square$

$4 - 2 = \square$

$5 - 2 = \square$

$8 - 4 = \square$

$7 - 1 = \square$

$4 - 3 = \square$

COMPLETA Y CALCULA

$$\square - 2 = \square$$

$$\square - 1 = \square$$

$$\square - 4 = \square$$

$$\square - 3 = \square$$

$$\square - 3 = \square$$

$$\square - 2 = \square$$
