American Symbols

A Symbol of National Pride with Incredible Views Built in honor of the first President of the United States. This Monument is one of the most recognizable and iconic structures in the world.

Statue given to the United States of America on July 4, 1884 by France. She stands on Ellis Island in New York to greet all who enter the United States of America at Ellis Island.

This bird was chosen June 20, 1782 as the emblem of the United States of America, because of its long life, great strength and majestic looks, and also because it existed only in North America as or National bird.

This flag stands for our nation and the shared history, pride, principles, and commitment of its people. When we properly display this powerful symbol, we signal our respect for everything it represents.
