

**What are the steps in planting a tree? Watch the video.  
Draw a line from each picture to the words that describe it.**

**Put 2 inches of mulch  
around the tree.**

**Dig a hole in the  
ground.**

**Refill the hole with  
soil.**

**Hold the tree by its  
root ball.**

**Moisten the hole with  
a little water.**

**Water the tree 2 or 3  
times every week.**

**Put the tree in the  
hole.**

**Loosen the roots in  
the root ball.**

Now put the steps in order.
