Let me tell you about my friend Mark. He's a \_\_\_\_\_ (1) guy in his late forties. He's always wearing a \_\_\_\_\_ (2) leather \_\_\_\_\_ (3), and he has a big bushy \_\_\_\_\_ (4) on his upper lip.

Mark has a lot of \_\_\_\_\_ (5) all over his face, which he's always complaining about. But I think they look cool, and they're a part of what makes him unique.

He's very \_\_\_\_\_ (6) and always says please and thank you. He's also very \_\_\_\_\_ (7) and never lies. If he doesn't know something, he'll just say so. I really respect that about him.

Mark is always making \_\_\_\_\_ (8). He has a great sense of humor, and he's always coming up with funny one-liners. He's also a bit \_\_\_\_\_ (9) when it comes to waiting in line or waiting for something to happen. He gets antsy if things don't move quickly enough.

But most of all, Mark is \_\_\_\_\_ (10) music. He's always listening to it, playing it, or going to concerts. It's his biggest passion in life. I'm so glad he's my friend.
