

## SPORTS EQUIPMENT

Fill in the text with the words:

FLIPPERS (2X), BASEBALL BAT, KNEE-PADS, FOOTBALL GEAR, HARNESS, TRAINERS, HELMET, PUCK, GOGGLES, BOXING GLOVES, KNEE-PADS,

When it comes to sports, having the right equipment is essential for both safety and performance. For example, if you're playing ice hockey, you'll need a 1. \_\_\_\_\_ to protect your head from injury. And of course, you'll need a 2. \_\_\_\_\_ to play the game itself.

If you prefer swimming or snorkeling, a good pair of 3. \_\_\_\_\_ can help you see underwater, while 4. \_\_\_\_\_ can help you move more easily through the water.

Team sports like soccer and American football require a range of equipment to keep players safe and help them perform their best. For example, you'll need a good pair of 5. \_\_\_\_\_ to protect your knees during a game of soccer, and a sturdy 6. \_\_\_\_\_ for American football. And of course, no game of baseball is complete without a 7. \_\_\_\_\_.

If you're into combat sports like boxing or martial arts, you'll need specialized equipment to protect yourself and perform your best. A good pair of 8. \_\_\_\_\_ can protect your hands during a match, while 9. \_\_\_\_\_ can help protect your knees during a kickboxing match. And if you're into rock climbing, you'll need a sturdy 10. \_\_\_\_\_ to keep you safe while you climb.

No matter what sport you're into, having the right equipment is essential. So whether you're strapping on your 11. \_\_\_\_\_ for a game of soccer or lacing up your 12. \_\_\_\_\_ for a scuba diving adventure, make sure you have everything you need to perform your best and stay safe.
