IV. Read the passage and decide whether the following statements are true (T) or false (F):

In November 2013, Typhoon Haiyan struck Vietnam, days after leaving thousands dead and widespread devastation in the Philippines. Al-Jazeera reported: "The national weather forecaster said Haiyan made landfall in northern QuangNinh at 5AM local time on as a tropical storm. It was moving towards southern China and is expected to weaken later on Monday". Downpours hit the capital, Hanoi, and houses in some northern provinces were damaged by strong winds. Several hundred houses had their roofs ripped off. Thousands of trees in the province were uprooted," said a disaster official in Quang Ninh province. "Three people were reported missing," he added. National disaster officials said no deaths had been reported so far on Monday, although state media said five people had died during preparations for the typhoon.
