This is the Valley of the Waves in South Africa. There's (1) a beach and (2) some white sand. There are three islands with (3) some tropical trees. There's (4) some blue water and there are (5) some big waves. But there aren't (6) any fish in the water and the place is in the middle of (7) a forest. In fact it's (8) a artificial place. The Valley of the Waves is (9) a water park!
