GP container

Reefer

Match the types of containers with their definitions:

Tanktainer		1	A shipping container used in intermodal freight for temperature sensitive perishable cargo.
Open top container		2	A container designed to hold wide cargo that does not fit inside a standard container.
Reefer		3	An intermodal container for the transport of liquids, gases and powders as bulk cargo.
Flat rack container		4	A shipping unit designed to hold nonspecific types of goods without special equipment, protective gear or other parts to preserve the condition of the contents.
GP container Dry cargo		5	A container fitted with a solid removable roof, or with a tarpaulin roof so it can be loaded or unloaded from the top.
