

OUR NERVOUS SYSTEM

Read the information about our nervous system and do the activities:

We have **five senses**: touch, taste, sight, smell and hearing. Our senses work together with our **nervous system**. The nervous system is made up of the **brain**, the **spinal cord** and the **nerves**. The brain **controls everything** that happens in our bodies. The nerves carry **messages** to the brain and **instructions** to the locomotor system.

Label these words:

nerves

hearing

spinal cord

sight

brain

smell

taste

touch
