The fallen ..... made an amber sea

Over which you flaunted like an ..... breeze

A sapling soul in a sea of .....

Oh, I was.....for my Ophelia

But take heart, my .....

'Cause when I see..... I see hope

There's a world that ..... what you got to give

Do you ..... need all of the things you want

I'll take you back there, to where the .....'s from

To where the garden's ..... but I forever know

Singing you're ....., heaven screaming on

I'd have you give like you can .....

I'd have you love like you can .....

I'd have you leave like you can .....

I'd have you be how you can.....
