

The following song lyrics is for questions number 1 to 6

**Adaptation**

Marine mammals like whales and otters  
Have adapted to the cold ocean waters  
Real thick fur or a blubbery skin  
Doesn't let much cold ocean water in

Plants and animals have different needs  
Developing features that will let them be  
In their environment  
In their environment

In the deserts things get hotter

Plants and animals must conserve water  
Plant stems and leaves are waxy and thick  
While being nocturnal is an animal's trick  
Plants and animals have different needs  
Developing features that will let them be  
In their environment  
In their environment

### Home

Another summer day  
Has come and gone away  
In Paris and Rome  
But I wanna go home, mmm  
May be surrounded by  
A million people!  
Still feel all alone  
I just wanna go home  
Oh, I miss you, you know  
And I've been keeping all the letters  
That I wrote to you  
Each one a line or two  
I'm fine baby, how are you?  
Well I would send them but I know  
That it's just not enough  
My words were cold and flat  
And you deserve more than that  
Another aeroplane  
Another sunny place  
I'm lucky I know  
But I wanna go home  
Mmm, I got to go home  
Let me go home  
I'm just too far  
From where you are  
I wanna come home  
And I feel just like  
I'm living someone else's life  
It's like I just stepped outside  
When everything was going right  
And I know just why you could not  
Come along with me  
That this was not your dream  
But you always believed in me  
Another winter day  
Has come and gone away  
In even Paris and Rome  
And I wanna go home  
Let me go home  
And I'm surrounded by  
A million people!  
I still feel alone  
Oh, let me go home  
Oh, I miss you, you know

We love to learn about the forest  
 Everything we see there makes it a  
     beautiful place  
     makes it a beautiful place  
 The forest has different types of  
     mushrooms  
 And they might not be good for us  
 Our teacher tells us just to be careful  
     Because they may be poisonous  
     We even plant some little trees  
 We can't wait to see them grow up  
 We love to learn about the forest  
 Everything we see there makes it a  
     beautiful place  
 The forest is a beautiful place

The following song lyrics is for questions number 18 to 20

I Won't Give Up

When I look into your eyes  
 It's like watching the night sky  
     Or a beautiful sunrise  
 Well, there's so much they hold  
     And just like them old stars  
 I see that you've come so far  
     To be right where you are  
     How old is your soul?

Well, I won't give up on us  
 Even if the skies get rough  
     I'm giving you all my love  
     I'm still looking up  
 And when you're needing your space  
     To do some navigating  
     I'll be here patiently waiting  
     To see what you find  
     'Cause even the stars they burn  
     Some even fall to the earth

We've got a lot to learn  
 God knows we're worth it  
 No, I won't give up  
 I don't wanna be someone who walks away  
     so easily  
 I'm here to stay and make the difference  
     that I can make  
 Our differences they do a lot to teach us  
     how to use  
 The tools and gifts we got, yeah, we got a  
     lot at stake  
 And in the end, you're still my friend at  
     least we did intend  
 For us to work we didn't break, we didn't  
     burn  
 We had to learn how to bend without the  
     world caving in  
 I had to learn what I've got, and what I'm  
     not, and who I am  
 I won't give up on us  
     Even if the skies get rough  
     I'm giving you all my love  
 I'm still looking up, I'm still looking up  
     Well, I won't give up on us (no I'm not  
         giving up)  
 God knows I'm tough enough (I am tough,  
     I am loved)  
 We've got a lot to learn (we're alive, we are  
     loved)  
 God knows we're worth it (and we're worth  
     it)  
 I won't give up on us  
     Even if the skies get rough  
     I'm giving you all my love  
     I'm still looking up
