

Complete the function tables.

1)

| x  | $(x + 3)(x + 1)$ |
|----|------------------|
| 3  |                  |
| 2  |                  |
| -1 |                  |
| 5  |                  |
| 4  |                  |

2)

| m  | $\frac{18}{m-1} + 5$ |
|----|----------------------|
| 2  |                      |
| 4  |                      |
| 10 |                      |
| 19 |                      |
| 7  |                      |

3)

| u  | $u^2 + 5$ |
|----|-----------|
| -3 |           |
| 7  |           |
| -5 |           |
| -9 |           |
| 1  |           |

4)

| p   | $p(p + 6)$ |
|-----|------------|
| 1   |            |
| -6  |            |
| 5   |            |
| -10 |            |
| -12 |            |

5)

| a  | $\frac{a}{5}$ |
|----|---------------|
| 20 |               |
| 45 |               |
| 5  |               |
| 90 |               |
| 65 |               |

6)

| y  | $y^2 + y - 1$ |
|----|---------------|
| 7  |               |
| -9 |               |
| 6  |               |
| -4 |               |
| -2 |               |
