

1. Digueu quants cercles hi ha en cada cas. Recorda que has de tenir en compte els que estan ocults!

$$\underline{\quad\quad} \times \underline{\quad\quad} = \underline{\quad\quad}$$

$$\underline{\quad\quad} \times \underline{\quad\quad} = \underline{\quad\quad}$$

$$\underline{\quad\quad} \times \underline{\quad\quad} = \underline{\quad\quad}$$

$$\underline{\quad\quad} \times \underline{\quad\quad} = \underline{\quad\quad}$$

$$\underline{\quad\quad} \times \underline{\quad\quad} = \underline{\quad\quad}$$

$$\underline{\quad\quad} \times \underline{\quad\quad} = \underline{\quad\quad}$$

Data:

_____ X _____ = _____

2. Completa les cel·les dels resultats, intenta fer-ho sense mirar.
Recorda que hi ha multiplicacions que tenen el mateix resultat. Això pot ser una ajuda.
