

A great apple cake!

I've made hundreds of cakes, but this recipe is the easiest! And it's delicious!

Ingredients:

- 1 170 grams of sugar 3 large eggs
170 grams of flour 3 large apples

Things you need:

- 2 a sharp knife, a spoon or an electric mixer, a large bowl and a cake tin.

Instructions:

- 3 Beat the eggs and sugar with a spoon for 15 minutes. If you use an electric mixer, mix for two minutes. Then add the flour and beat well. Peel the apples and chop them. Add them to the bowl. Put everything in the cake tin and bake the cake in the oven at 160°C for 30 minutes. Simple!

Writing A recipe

- 1 Start with a list of ingredients.
- 2 Write a list of other things you need, e.g. a knife, a bowl.
- 3 Write the instructions. Use the imperative, e.g. *Beat the eggs and sugar.*

- 7 **Writing Time** Write a recipe for pasta with tomato sauce. Use the pictures and instructions in Exercise 6 to help you.

Find ideas

List the ingredients and other things you need.

Draft

Write the recipe.

Check and write

Check that you include all the important information and that you use the imperative for instructions. Then write the final version of the recipe.
