

# Which is my hobby?

Read the following profiles and match the correct hobby with the correct profile.

I really like to run, lift weights and train in the afternoons. Many people come to the gym, although they can do it from home too.

My hobby is...

I like to do it while sitting on the sofa, I just need a remote control to change the channel, sometimes I do it with my family in the living room.

It is better to do it at parties since there is music and a lot of people, you need to move your whole body to be able to express how you feel.

My dad taught me how to do it when I was a child, I fell many times because I lost my balance, but when I managed to do it on my own it became my favorite activity.

I love doing it on the beach, although I also really like doing it in the pools. You need a swimsuit and know how to do it right so you don't drown.
