Horodetskiy House, or The House with Chimeras is one of the weirdest, but most popular in Kyiv. It was designed by the Vladyslav Horodetskiy and completed in 1902. The building is decorated with exotic and creatures such as elephants, rhinoceros, and dolphins, because of Horodetskiy's passion for The house is situated in Bankova Street, opposite the of the President of Ukraine.

The House with Chimeras is used for government and presidential.....and is not open to the public.
