ART CLUBS**A - The Renaissance Art Club**

We cater for all levels, but focus on helping accomplished artists explore different ways to develop. We go one step further and offer study courses into how art developed through the centuries, with emphasis on the Italian period. Our club is a great starting point for anyone hoping for a career in art.

B - The Deep Red Art club

This is the place to be for you and your friends. We organise fun sessions at the weekend for kids to come along in groups and mess about with paint, and see if they have what it takes to be an artist. Our teachers will help you develop all your talents.

C - The City Art club

We are opening our doors for advanced artists to come along and explore all the techniques used in modern architecture. We look at digital art and help budding architects find their way in the complex world of art.

D - The Johnson Art club

This club was established over 20 years ago by Alex Johnson who made his fortune manufacturing paint. He now wants to give something back and has established this fantastic club. Ideal for beginners and accomplished artists, you can be sure to find what you are looking for in this club.

E - The Pincel Club

It doesn't matter if you don't think you're the next Picasso. The Pincel Club has different courses for beginners and advanced artists, which provide you with the perfect environment to see what you are capable of. We start with drawing skills in charcoal, like the old masters did, and cover shading for realism. We build on that knowledge with water colours, acrylics and oils, and finally look at the role of drawing in the construction industry.

F - The London Art Club

Whatever your level, if you're interested in painting, The London Art Club is where you should be. We have beginners and highly talented members, but more importantly we have visiting international experts who come and encourage all our younger members from other European countries. Our experts will show you how to think like an artist, and not just play with colour, so what are you waiting for?

G - The Sienna Art Club

At the Sienna Art Club, we cater for absolute beginners and more advanced painters because our instructors are very experienced in helping young painters develop. We go a step further and teach our members how to make their own paints. Membership is not expensive and club nights are from 4 till 10 on weekdays and 10 till 4 at the weekend.

H - The Rainbow Art Club

If you're keen on art, The Rainbow Art Club is for you. We organize sessions for busy young artists to come along after school and relieve their stress with brush in hand. Our in-house experts can help you see the way to improve, and our group painting sessions are a lot of fun, so why don't you come along, and bring your friends?
