

READING 3 : ZEBRAS

ratlles les seves

Zelbras are animals that have black and white stripes. Their stripes help amagar-se estar fora de perill

to hide them and keep them safe from other animals. No two zebres a les mateixes T T the same stripes -- they are all different.

ràpidament més ràpid que els lleons

Zelbras move quickly and can run faster than lions! If they are being perseguir un altre d'un costat a m altre si també chased by another animal, they run from side to side. Zebra also sleep

de peu herba standing up and they mostly eat grass.

pot córrer després d'una hora

A baby zebra is called a foal and it can run within one hour of being born.
