Rules of forming the 3rd person singular:

The verbs in the 3rd person singular get -s ending. There are some spelling rules you have to learn.

- 1) **Y** changes into -i in the end of the verbs if there is a consonant before it.
e.g.: try ⇒ tries
- 2) If the verb ends with -ss, -sh, -ch, -o or -x, it gets **-es** ending in 3rd person singular.
e.g.: wishes, mixes, matches, watches, misses, goes, does
