Rules of forming the 3rd person singular (when using he, she, it)

The verbs in the 3rd person singular get **-s** ending. There are some spelling rules you have to learn.

1. **Y** changes into **-i** in the end of the verbs if there is a consonant before it.
e.g. try = **tries** but not play = **plaies** as there is a vowel before the y.
2. If the verb ends with **-ss, -sh, -ch, -o** or **-x** it gets **-es** ending in the 3rd person singular.
e.g. wish=**wishes**, mix=**mixes**, watch=**watches**, miss=**misses**, go=**goes**
